

XD-906A 微電腦桌上型裁斷機 Programmable Desk-top Strip Cutter

管帶切斷機的應用，在於使剪切的工作進入自動化的階段，經由滾輪進料與裁剪裝置緊密配合，將整卷產品精確裁成所需的長度，於 1 ~ 99,999mm 範圍內任何一長度皆可裁切，適合裁切塑膠材質；切口平整。

Fully automatic cut the most of strip, tube and wire, such as plastic material, flexible tube, heat-shrinkable tube, webbing, paper and other. Rolling feeder and cutter cooperate with each other precisely, cut into any length within 99,999 mm accurately.

- 切刀材質為 SKH-2 製成，經久耐用。
- 採用微電腦系統驅動步進馬達送料。
- 長度及速度的調整經由數位面板操作。
- 內建自動計數停機功能。
- 獨立分離的切刀及送料，馬達運轉安靜。
- 適用於套管類、絕緣紙、排線、銅箔或電纜等輕薄材質加工。
- 冷熱切刀皆可。
- CE 認證，熱銷全世界!!
- High-quality Alloy steel SKH-2 is used for cutting blade, durable and long life.
- Micro-Processor controlled stepping motor is installed to program the operation. Fully automatic for batch, reel and individual runs.
- Programmable to cut length and speed control through the panel.
- Built-in counter with the function of automatic counting and pre-stop.
- For cutting operation of various thin materials, such as flexible tube, insulation paper, cables, metal films, With CE certificate and popular in all over the world

Model	XD-906A	
Power Supply	AC 100-240V 50/60HZ Single Phase	
Cutting Length	1-99999 mm	
Cutting Width	60mm	
Feeding Speed	625 mm/ sec	
Knives / Stroke	Cold / 6mm	Heat / 7mm
Dimension	300 x 400 x 400 mm (L x W x H)	
Weight (N.W)	31KG	
Package Size	600 x 400 x 520 mm (L x W x H)	
Gross Weight	32 KG
